Alby Batista

Full-Stack Software Engineer – New York

albybatista@gmail.com   albybatista.com   github.com/albybatista   linkedin.com/in/albybatista

Summary

Versatile Software Developer committed to consistently providing dynamic high-level solutions that drive business and provide outstanding efficiency. I am driven to increase team effectiveness by remaining engaged, proactive and positive in tough circumstances, owning assignments and taking full accountability for overall team success.

Experience

Software Engineering Fellow at General Assembly
July 2020 – November 2020 -- Remote

- Attended General Assembly's award-winning 500-hour Software Engineering Immersive program covering front-end, back-end, and full-stack application development integrating object-oriented programming in both solo and team building collaborative environments
- Languages, frameworks, and topics covered included using and creating an API, HTML, CSS, JavaScript (ES6), React, MongoDB, Mongoose, Atlas, EJS, PHP, PostgreSQL, creating CRUD applications with RESTful routes, Single Page and Multi Page applications, and version control with Git and GitHub in scrum or agile development workflow

Retail Assistant Manager at T-Mobile
August 2012 – November 2020 -- Bronx, NY

- Winner's Circle 2015 – Top 1% in sales nation-wide for the year, surpassing goals by a 200% margin and received T-Mobile's most prestigious sales and leadership award
- Use Salesforce, Workday, Slack and other software and interfaces to maximize business efficiency with upper, middle, and lower level management, employees, and clients
- Train and develop employees to build effective team building and sales tactics in multiple metrics while operating in a high-volume sales environment
- Carry out sales and administrative duties efficiently and professionally to meet and exceed business expectations
- Execute inventory counts regularly, calculate revenue, and deposits upon store closing with amounts over $15,000 on a day-to-day basis

Field Energy Sales at SolarCity
July 2014 – November 2014 -- Westchester, NY

- Spearheaded and launched successful large-scale enrollment in cost efficient and eco-friendly energy
- Consulted homeowners on financial benefits and incentives from installing uniquely tailored solar panels

Account Executive at Time Warner Cable
January 2014 – July 2014 -- Queens, NY

- Top ten in regional sales during the months of May and June, surpassing goals by a 150% margin
- Marketed products directly to prospective clients and educated current clients on new deals and products
- Converted customers from competitors and exceeded monthly goals as part of the "win-back" initiative from the FiOS team converting approximately 150 customers during tenure
